

# 90 FOR LIFE™ SAVINGS CARD

**IF I CAN SHOW YOU A WAY TO MAKE MONEY HANDING OUT SOMETHING FOR FREE, WOULD YOU BE INTERESTED?**

*I get four prescriptions every month that cost me about \$455.00. I learned about the 90 for Life™ Savings Card and decided to give it a try. My 4 scripts came to a total of \$70.00!!! That's almost a \$400.00 savings every month! I am so glad I am a member of Youngevity. I immediately ordered 5000 cards and have been handing them out ever since! Thanks Youngevity for helping me make money!*

*I had given a 90 for Life™ Savings Card to a friend of mine last week. This past Wednesday he called me and told me he'd used the card to pick up his prescription that normally costs him \$26 with his insurance. With our card: \$14! And now he wants to be able to hand out the free cards as well!*

*One of my friends in Florida went to her local Walgreens with her prescription and 90 for Life™ Savings Card. When she got the prescription from the pharmacist he said her price was \$18. Without the 90 for Life™ Savings Card, it would have been \$86. She is now a believer and is starting to grow her own team of people handing out these cards.*

*When Youngevity came out with the 90 for Life™ Savings Card I did not think I would ever need it. I have very good insurance and I thought I was "all set". Well, a couple of weeks ago I had to get 2 prescriptions at the pharmacy. I then found out that my medical insurance "does not include prescriptions". I decided to try my new 90 for Life™ Savings Card. To my surprise, it saved me 50% off the cost of my scripts. I'm glad I had it on me. Thanks Youngevity!*

*I had a friend that had to get a prescription that costs \$35 and with her insurance it would have been \$19, but with the 90 for Life™ Savings Card she got that prescription for \$7, the pharmacist couldn't believe it.*
