The Better Health Challenge is About to get Better!

In 2018 the top four finalists of Youngevity's Better Health Challenge collectively lost over 300 pounds! What's even better, they won many great prizes, including \$5,000 each for our top two Grand Champions! In 2019 we are offering even more opportunities to participate and more prizes will be given away.

Moving forward, there will be three ways anyone in Youngevity can engage in the Better Health Challenge – even if you've met your health goals!
