

# GIGI HILL

## THANK YOU FOR YOUR PURCHASE

Thank you and welcome to GIGI HILL travel and everyday bags and accessories for work and play!

We hope you love your GIGI HILL as much as we love designing them.

### CARE INSTRUCTIONS:

We want your GIGI HILL bags to always look fabulous! Our faux leather, coated cotton canvas, and bengaline materials are water resistant and stain resistant and are designed to stand up to your everyday challenges. However, life happens and things still get dirty!

To join our mailing list, go to [www.gigihillbags.com](http://www.gigihillbags.com)

### For most common stains:

Blot stains using a clean damp cloth and mild soap, non-bleach formula, or a stain treatment pen or wipe. Never immerse your handbag in water as it could cause it to pucker. Faux leather trim can also erode when immersed in water.

Please be certain to thoroughly test an inconspicuous area prior to actual stain removal to avoid uncontrollable variations in material reaction.
