

FOR CUSTOMERS/PROSPECTS

Hi there [Prospect or Customer First Name],

Do you love coffee? Does your coffee pay you back or help others around the world? Javalution Coffee Club is one of my favorites! The best, most exclusive coffee from around the world, in whole bean and ground, is shipped right to your door.

Our coffees are organic and Fair Trade Certified, so they're good for you and the environment. One hundred percent of the proceeds of our 12 oz. bags of Be The Change Coffee and the Javalution Coffee Club are donated to our Be The Change Foundation, which works with the American Red Cross, the Make-A-Wish[®] Foundation, and other charitable groups to assist families and communities around the world.

If you have any questions about our coffee, feel free to let me know! You can check out all of the varieties we offer here: BuyYGY.com/90forLifeStore/en/coffee.

Thanks!
