

FOR DOWNLINE/TEAM

Hi [First Name],

Have you thought about introducing the Javalution Coffee Club to your customers? All of our coffees are USDA Certified Organic and Fair Trade, so they're delicious, healthy, and great for the environment.

One of my favorite coffees is [Name of your favorite coffee]! There are so many different types of coffee, it's hard to choose just one. Our new Be The Change Coffee CEO Mega Pak is just the thing to help you get started!

Youngevity has a ton of great sales tools, including a coffee catalog, a brochure, and an email script to help us promote the Mega Pak and our amazing coffee.

You can find everything here: YGY4U.com/BuildBusinessWithCoffee.

If you have any questions, feel free to get in touch!

Thanks!
