Live Younger, Longer.

# Why Youngevity Nutrition?

Just as not all food is created equal, not all supplements and health products are created equal either. We're incredibly proud that our product line is built on a foundation that has stood the test of time for over 50 years—and in fact, continues to prove far ahead of its time again and again.

Dr. Joel Wallach's life of research and service uncovered the correlation between the nutritional deficiencies in our foods and the rise of disease. He's been on a mission to educate the world on how to counteract the impact of poor nutrition since the 1970's.

Similarly, Steve and Michelle Wallach have been driven to help people improve their health and finances for nearly 30 years. By co-founding Youngevity International with Dr. Wallach, they established an opportunity for anyone to build an independent business based on the freedom to live the life you want, while helping others to live younger, longer. Together, they've built the foundation for a unique line of world-class nutritional products, as well as an informed army of health advocates.

Their mission for nutrition drives everything we do at Youngevity: our health education, our business opportunities, and especially our product innovation. We're holistically health focused, and invite you to join us on a journey to better health.

## Living Healthier Starts Here.

Even if you think you eat well, get enough exercise, and live a healthy, active lifestyle, is it enough? Surprisingly, the Centers for Disease Control show 76% of adults do not meet fruit intake recommendations, and 87% do not meet vegetable intake recommendations.

Our consumption of sugar, fat, salt, and carbohydrates has never been higher, while depleted soil, crop changes, and seasonal inconsistencies are yielding less nutrient-dense food. Our bodies are desperate for nutrients, but we can't solely rely on our food sources to deliver them anymore. This is why Youngevity's 90 For Life™ system was created.

# Blending Science & Nature.

## A whole line of wellness solutions for the whole you.

The foundation of health and wellness is good nutrition to help support a healthy body. Youngevity® offers a line of wellness products to help you live your best life – for any age, any lifestyle, any need!

At the core is the Healthy Body Start Pak™– a part of the 90 For Life™ system.

The Healthy Body Start Pak™ brings together 60 minerals, 16 vitamins, 12 amino acids, and a powerful blend of EFAs...90 carefully blended components to create the optimal mix your body needs to thrive and feel your best.

For over 50 years, Youngevity Founder Dr. Joel Wallach has sought to educate the public on the importance of nutrition, and how the right balance is key to supporting longevity and a healthy lifestyle. According to him, the 90 essential nutrients and intermittent fasting – a set of eating principles that have been around a long time, but are gaining in popularity – go hand in hand, especially when it comes to maintaining a healthy weight.

While there are many intermittent fasting programs available, none have the nutritional powerhouse support that has been a Youngevity cornerstone since day one. With our 90 For Life foundation, plus an incredible line of the best-supporting products, you'll be able to fuel your diet with nutrient-rich foods to help keep you nourished, energized, healthy, and enjoy your life to its fullest.
