NUTRITION CATALOG

Live Younger, Longer.

Why Youngevity Nutrition?

Just as all food is not created equal, all supplements and health products are not created equally either. We're incredibly proud that our product line is built on a foundation that has stood the test of time for over 50 years—and in fact, continues to prove far ahead of its time again and again.

Dr. Joel Wallach's life of research and service uncovered the correlation between the nutritional deficiencies in our foods and the rise of disease. He's been on a mission to educate the world on how to counteract the impact of poor nutrition since the 1970's.

Similarly, Steve and Michelle Wallach have been driven to help people improve their health and finances for 30 years. By co-founding Youngevity International with Dr. Wallach, they established an opportunity for anyone to build an independent business based on the freedom to live the life you want, while helping others to live younger, longer. Together, they've built the foundation for a unique line of world-class nutritional products, as well as an informed community of health advocates.

Their mission for nutrition drives everything we do at Youngevity: our health education, our business opportunities, and especially our product innovation. We're holistically health focused, and invite you to join us on a journey to better health.

about 3.0

Living Healthier Starts Here.

Even if you think you eat well, get enough exercise, and live a healthy, active lifestyle – is it enough? Our consumption of sugar, fat, salt, and carbohydrates has never been higher, while depleted soil, crop changes, and seasonal inconsistencies are yielding less nutrient-dense food.

Our bodies are desperate for nutrients, but we can't solely rely on our food sources to deliver them anymore. This is why Youngevity's 90 For Life™ system was created.

At the core are our Healthy Body Start Paks™ - the foundation of the 90 For Life™ system. Each Healthy Body Start Pak™ brings together 60 minerals, 16 vitamins, 12 amino acids, and a powerful blend of EFAs...90 carefully blended components to create the optimal mix your body needs to thrive and feel your best.
