POTATO SALAD WITH LEMON DILL DRESSING
For the salad:
- 1 kg/2 pounds red or yellow potatoes, cut into large bite-sized pieces
- Saveur Seasoned Salt to taste
- 1 tsp Saveur Creamy Dill Mix
- 1/2 cup capers chopped
- 1 bunch of green spring onions, white and light green parts minced

For the dressing:
- 1 teaspoon fresh lemon zest
- 1/4 cup fresh lemon juice
- 2 tbsp Saveur Creamy Dill Mix
- 1 1/2 tsp Dijon-style mustard
- 1 1/2 tbsp tahini
- 1/4 cup sour cream or Greek Style Yogurt or cottage cheese
- 1/4 teaspoon Saveur Chilli Spice or crushed chilli flakes *optional
- Saveur Seasoned Salt to taste

METHOD
Put the potatoes in a large pot of salted water.
Bring to a boil. Reduce heat and simmer gently until crisp tender, about 7 minutes.
Drain potatoes and set aside to cool. Once cool, toss with the dill mix, capers, and spring onions.
Prepare the dressing by combining all the ingredients and whisking until smooth and well-combined. For the best consistency, use a blender or food processor. If the dressing is too thick add a little more sour cream or a tablespoon of water. Taste test and adjust the Saveur Seasoned Salt if needed.
Toss the dressing with the potatoes.

GRILLING INSTRUCTIONS FOR DRY RUBS

First pat the meat with paper towels to remove any excess moisture. Coat the meat with butter and make sure it covers the entire surface of the meat. You may need to brush it or massage it in with your hands to achieve a nice even coating. Apply the Downunder Gourmet Grill Rub using one hand to apply the rub, and the other to vigorously rub the seasoning into the meat. For large slabs of meat, coat the food with the dry rub on both sides. Make sure that you have a coating of the rub covering the entire outer surface of your meat. Be generous - the more you apply, the more great flavours you’re going to have. Once you apply a generous layer of dry rub to your meat, you can transfer it directly to the grill. Cook meats as you normally would. Ensure the internal temperature is heated to a safe level by checking your meal with a meat thermometer. Remove the meat from the grill, let it rest if necessary. Slice or serve, whichever you prefer.
