

# THE POWER OF PURE POLLEN... AS NATURE INTENDED

Pollen Burst™ is made solely from harvested flower pollen that is far superior to bee pollen. Often times, while collecting the pollen, the bee contaminate this pollen mixture with molds, spores, and bacteria. It should be emphasized that the major problem with bee pollen is the collection, storage, and processing methods used by the bee; making it impossible to produce stable, consistent and clean pollen.

Pollen Burst™ is created from pharmaceutical grade, pure, organic flower pollen extracts to ensure the most powerful, full-spectrum, non-allergenic source of nutrition in the world today! Each packet of Pollen Burst™ delivers short-term and sustained energy, along with powerful micronutrient support in just the form nature intended!\*

## LIFE...

it begins with the sun.

Every form of life needs energy from the sun to survive. Unfortunately, WE can't get nourishment from the sun's energy without some help. We depend on plant life to convert the sun's life-sustaining energy into nutritional fortification through the miracle of photosynthesis. Accordingly, the most powerful source of nutritional energy (other than the sun itself) is found at the genesis of plant life: POLLEN!

Pollen can be extremely beneficial when maintaining optimal health and wellness. In fact, every grain of pollen contains natural whole food nutrition that promotes well-being.

To get the most powerful nutrition nature intended, you must go to the source of all life on earth...

**Flower Pollen!**

# REAL NUTRITION

## POLLEN BURST

A NATURAL BURST OF ENERGY THAT LASTS FOR HOURS!

### Unlocking Life's Greatest Treasure...

Each grain of pollen contains the richest full-spectrum source of trace elements and nutrients known to humanity.\* Thanks to patented extraction and stabilization techniques, developed in Sweden and France, the exciting benefits of pure flower pollen are now available in a simple, delicious, and refreshing energy drink: **POLLEN BURST!**

**Pollen Burst™** is the world's first nutritional energy drink powered by three unique ingredients: *Flower Pollen*, *Superoxide Dismutase/Gliadin Complex (GliSODin®)* and *Vitamin D*. **Pollen Burst™** is all natural, low in calories, and low in natural sugars with no added artificial sugar substitutes or stimulants... and it's delicious!

Unlike so many energy and nutritional fruit juices on the market today, **Pollen Burst™** contains ingredients backed by numerous, double-blind, placebo-controlled studies. Years of research and millions of dollars have been spent investigating the benefits of these ingredients, and the results are astounding!\*

**Pollen Burst™** may very well be the most thoroughly-researched health supplement/energy drink in the world today!\*

NATURE'S MOST POWERFUL NUTRIENT SOURCE IN A DELICIOUS, REFRESHING, ENERGIZING DRINK!\*

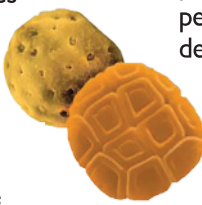

REAL SCIENCE

THE WORLD'S MOST POWERFUL NUTRIENT FOOD SOURCE

POLLEN BURST™ is packed with solid nutrition from nature's perfect whole-food source, flower pollen. Beneath the outer husk of a pollen grain is a hypoallergenic, unadulterated nutrient core containing the building blocks of plant life. Extensive scientific research has identified over 3,000 different life-enhancing substances in pollen; with more than 180 macronutrients that support optimal health, longevity, and sustained energy.

Imported from Sweden, only the finest, pharmaceutical-grade, pure organic flower pollen extracts are used in the production of Pollen Burst™. No other drink product on the market today utilizes this powerful phytonutrient source.

Microscopic View of Actual Pollen Grains

THE WORLD'S MOST POWERFUL ANTIOXIDANT

You may be familiar with the benefits of antioxidants (notably from fruit) in fighting damaging free radicals that bombard your body daily. While fruit-based nutritional supplements do contain antioxidant properties, scientific research shows that nothing compares with the antioxidant power of Superoxide Dismutase (SOD). Recognized in the scientific community as the world's most powerful and effective antioxidant, SOD may be your body's most important support for health and well-being.\*

Although historically SOD could not be adequately absorbed by the body, research from France has resulted in a patented, absorbable vegetarian SOD product – GliSODin®.

THE SUNSHINE VITAMIN

Vitamin D, known as the sunshine vitamin, is believed to play an essential role in a wide-range of health benefits, including calcium absorption, immune system support, and development of healthy tissue in the colon, heart, brain, breast, prostate and liver. It's estimated that a billion people worldwide have some level of Vitamin D deficiency or insufficiency.

WEIGHT MANAGEMENT

Thanks to green tea extract, Pollen Burst™ doubles as an effective weight management tool. This natural source of caffeine may enhance weight management by curbing appetite and supporting metabolic function.\*

IMPROVED ENERGY, PERFORMANCE AND OVERALL SENSE OF WELL-BEING

Pollen Burst™ is also a good source of important B Vitamins, which boost the effectiveness of its active ingredients as well as energy levels.\* It also contains gluconolactone, a natural metabolite, thought to support mental performance, reaction time, concentration, and memory, while providing an overall sense of well-being.\*
