Item Code #13221

OUR SOILS WERE NOT ALWAYS DEFICIENT IN MINERALS

Seventy million years ago, dinosaurs walked on soil rich with minerals. At least 77 of these minerals became water-soluble as they transmuted through the root system of plants, forming ancient flora that was luscious, succulent, vibrant, and life-sustaining. Eventually, these prehistoric plants became encapsulated in the Earth's crust in the form of humic shale. Each quart of **Ultimate Tangy Tangerine®** contains a wide spectrum of plant derived minerals leached from humic shale mined from Southern Utah and ranging from A to Z on the minerals list, as well as vitamins, amino acids, major minerals and other key nutrients to support overall health.* **Ultimate Tangy Tangerine®** is made from all-natural ingredients and has no starch, wheat, or yeast. Derived from natural living products, the color, taste, and consistency of **Ultimate Tangy Tangerine®** may vary from bottle to bottle.

PLEASE REFER TO OUR ICON REFERENCE GUIDE @
WWW.YOUNGEVITY.COM

** These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

EACH QUART CONTAINS A NATURAL ASSORTMENT OF APPROXIMATELY 19,000 MG OF 100% NATURAL PLANT MINERALS SOLIDS.

Manufactured in the U.S.A.
