As men and women get older, they both require specific nutrients to support each gender's individual need. Unfortunately, men and women have resorted to consuming unnatural hormone replacement supplements that come with a laundry list of side effects; which can do more harm than good. Women need all-natural nutrients that will help support healthy hormone production and balance while men need to support healthy testosterone production naturally.

XeraTest™ and **XeraFem™** contain all-natural vitamins, minerals and botanicals providing healthy hormonal support for both men and women while benefiting their overall well-being.†

XeraTest™ and XeraFem™ are formulated and packaged with PurityShield™, an exclusive purity and safety system including a photo-protective and energizing cobalt blue glass container, moisture-absorbing packet, air-tight inner seal and tamper-evident outer seal. Look for the PurityShield™ logo as your guarantee of maximum standardized quality, freshness and safety.

THE XERA APPROACH TO HORMONAL SUPPORT FOR MEN & WOMEN

XeraTest™ brings together powerful, scientifically-researched nutrients for hormone-free, all-natural testosterone support. It addresses the physiological mechanisms that often suffer from specific antioxidant and nutritional deficiencies in men in order to support healthy testosterone production. XeraTest™ promotes quality of life via healthy testosterone levels, for better vitality, strength, stamina, endurance, energy, mood, sexual function, brain function, and more.†

XeraTest's powerful testosterone support is delivered in an extended release tablet that allows for greater absorption and utilization.

The all-natural, high-quality vitamins, minerals and testosterone-supporting botanicals include:

- **Furan-T™ Fenugreek Extract (300 mg)** – includes a natural source of saponins. Fenugreek may significantly promote testosterone production, while improving numerous other indicators of healthy male reproductive function.†
- **T-Nutrient Blend (200 mg)** – includes Tribulus terrestris which has been found popular among natural body builders and other athletes. The nutrients in Tribulus terrestris are associated with an increase in a cascade of hormone-producing pathways.

XERATEST™

DIRECTIONS: As a dietary supplement, FOR ADULTS: Take 2 tablets, once daily for maintenance or twice daily for greater activity, or as directed by your healthcare professional. **KEEP LID TIGHTLY CLOSED IN A COOL, DRY PLACE.**

WARNING: Consult a healthcare practitioner before use if you are pregnant or breastfeeding, or wish to become pregnant. XeraFem™ does not contain hormones. It nutritionally supports the tissues and systems involved in natural hormonal balance.† **KEEP OUT OF REACH OF CHILDREN.**

XeraFem™ was specifically formulated to provide women with the nutrients they need for estrogen and hormonal balance. It nutritionally rejuvenates the tissues and systems that are responsible for hormone production and promotes better health and hormone-producing activity without the use of risky hormone replacement therapy. The wide-range of nutrients found in XeraFem™ will provide women with support for natural energy production, healthy sexual function, menstrual comfort, defense against oxidative stresses of aging and more.†

The all-natural, high-quality ingredients found in XeraFem™ include:

- **Maca (300 mg)** - known as the women's energizer, libido booster and fountain of youth. Research has shown its capability to improve total hormonal balance.†
- **Dong Quai (Angelica sinensis root)** – an ancient Chinese herb known to support women's health.†
- **Ginger (Zingiber officinale root)** – has been used worldwide to aid with menstrual cramps.†
- **Damiana (Turnera diffusa var. aphrodisiaca whole herb)** – used for women's health; it has been shown to balance female hormone levels.†
- **L-Arginine & L-Histidine** - free form amino acids necessary for healthy hormone production and balance.†

+ XeraTest™ and XeraFem™ are both:

- Vegetarian
- Gluten-Free
- Free from the U.S. federally-recognized allergens
