XeraTest™ is a hormone-free, all-natural supplement nutritionally supporting healthy, natural testosterone production in men. A man’s quality of life relies on healthy testosterone levels, for vitality, strength, stamina, endurance, energy, mood, sexual function, brain function, and more.¹

XeraFem™ is an all-new approach to female estrogen and hormone balance. XeraFem™ nutritionally rejuvenates the tissues and systems that are responsible for hormone production and promotes better health and hormone-producing activity.²

As men and women get older, they both require specific nutrients to support each gender’s individual need. Unfortunately, men and women have resorted to consuming unnatural hormone replacement supplements that come with a laundry list of side effects; which can do more harm than good. Women need all-natural nutrients that will help support healthy hormone production and balance while men need to support healthy testosterone production naturally.

XeraTest™ and XeraFem™ contain all-natural vitamins, minerals and botanicals providing healthy hormonal support for both men and women while benefitting their overall well-being.¹

**Warning:** Consult a healthcare practitioner before use. Xeratest™ does not contain hormones. It nutritionally supports the tissues and systems involved in natural hormone balance. KEEP OUT OF REACH OF CHILDREN.

Xeratest™ was specifically formulated to provide women with the nutrients they need for estrogen and hormonal balance. It nutritionally rejuvenates the tissues and systems that are responsible for hormone production and promotes better health and hormone-producing activity without the use of risky hormone replacement therapy. The wide range of nutrients found in Xeratest™ will provide women with support for natural energy production, healthy sexual function, menstrual comfort, defense against oxidative stress of aging and more.

The all-natural, high-quality ingredients found in Xeratest™ include:

- **Maca (300 mg)** - known as the women’s energizer, libido booster and fountain of youth. Research has shown its capability to improve total hormonal balance.

- **Dang Quai (Angelica sinensis root)** — an ancient Chinese herb known to support women’s health.

- **Ginger (Zingiber officinale root)** — has been used worldwide to aid with menstrual cramps.

- **Damiana (Turnera diffusa var. aphrodisiaca whole herb)** — used for women’s health; it has been shown to balance female hormone levels.

- **L-Arginine & L-Histidine** — free form amino acids necessary for healthy hormone production and balance.

+ Xeratest™ and Xeratest™ are both:
  - Vegetarian
  - Gluten-Free
  - Free from the U.S. federally-recognized allergens
