## INSTRUCTIONS

1. Place Pocket Page Protectors in order in album. Fill pockets with photos, shakers, and journal spots. See below for ideas. For best fit, trim cards slightly smaller than pockets, depending on thickness of card. Use ideas multiple times with various color combinations to complete album.
2. Shakers
  - a. Trim card base in half; set aside non-window portion to use for journal and title cards. Fill cellophane bag with sequins and chipboard letters for I heart U. Include any other flowers or hearts as well. Adhere to back of window. Back with white paper or insert in pocket with another card's back showing.
  - b. Trim card base in half; set aside non-window portion. Fill cellophane bag with sequins and chipboard letters for person's name. Include any other flowers or hearts as well. Adhere to back of window. Adhere die cut word to window's lower right corner. Adhere chipboard heart in circle over left edge of word. Back with white paper or insert in pocket with another card's back showing.
  - c. Trim card base to approximately 4" x 6 ¼" making sure to keep the window centered from top to bottom. Fill cellophane bag with sequins and chipboard letters for love. Include any other flowers or hearts as well. Adhere to back of window; back with white paper or insert in pocket with another card's back showing. Adhere 2" x 4" white cardstock piece approximately ½" from left edge; write journaling. Adhere teal chipboard photo corners around window. Trim yellow stripe scallop border to 5 ¾" long; adhere below window and overlapping journal card (note, it will not go from side to side).

## 3. Title and Journal Cards

- Trim card base to approximately 4" x 6 ¼" making sure to keep the window centered from top to bottom. Cut 1 ⅜" x 4 ⅛" piece from contrasting card base (use remnant if possible; we used red plaid); adhere approximately 1/2" from right edge (window is on left side). Print title or person's name on paper or cardstock; adhere to back of card so it shows through window. Using foam squares, adhere complementary frame (we used teal triangle) around window. Adhere teal die cut love love love flag to frame's right corner.
- Trim card base in half or use remaining half from shaker. Print title on white paper or cardstock; adhere to center of card. Trim peach with white dot border to 3"; use foam squares to adhere approximately ½" from top. Using foam squares, adhere die cut red circle with pink heart to bottom right title corner.
- Trim card base in half or using remaining half from shaker. Cut 2 ½" square from white paper or cardstock; add journaling. Adhere journaling square to back of black and white dot frame; adhere frame to card so it is spaced equally on sides and top. Adhere teal chipboard heart to bottom right frame corner. Adhere red chipboard heart to center of teal heart.

## 4. Photos

- After inserting photos, adhere die cut sayings to page protector, such as yellow Happy Day or teal You are my only one. Adhere in corner where it won't interfere with photo.
